DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1, 2, 4, 5, 9-11, 13 and 14 are rejected under 35 U.S.C. 102(b) as being anticipated by Joye 6,541,428.

Claim Rejections - 35 USC § 103

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. Claims 1, 2, 4, 5 and 9-14 are rejected under 35 U.S.C. 103(a) as being unpatentable over Joye 6,541,428.
5. The rejections are maintained because of the reasons elucidated in the "Response to Arguments" below. One or more includes four.

Response to Arguments

6. Applicant's arguments filed 12/21/07 have been fully considered but they are not persuasive. When "t" is zero applicants' Formula I is identical to Joye's formula (1). The fact that the diester compound of the reference is in a blend with two other compound does not change the reality that applicant's compound is known and it had been prepares prior to applicant's invention. Whether it has been prepared by itself or together with another one, two, three or six thousand other compounds is totally irrelevant. Whether it exists in a pure form, in a contaminated form, in a mixture or as a

coating on another material is entirely immaterial. Applicant is claiming a compound. Period. The compound is known. The rejection stands.

7. All other rejections are withdrawn by the examiner in light of applicant's amendments and arguments.

Allowable Subject Matter

8. Claims 3, 6-8 and 15-21 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

9. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
